Dmytro Khlapov

Senior Full Stack Developer

@ dmytrokhlapov@gmail.com 🔗 https://github.com/dmytrokhlapov 📍 Amsterdam, Netherland

SUMMARY

As a seasoned Full Stack Developer, I specialize in creating sophisticated web solutions that are both robust and user-friendly. My expertise lies in harmonizing the power of JavaScript, PHP, ASP.NET and Python to transform clients' visions into reality.

Partnering with me means that you not only get a technically adept developer but also a strategic ally. I pride myself on my ability to communicate effectively, ensuring that all stakeholders are aligned and informed throughout the development process. Should you require a Full Stack Developer who is dedicated to crafting high-quality, impactful software solutions, I invite you to reach out. Together, we can build a digital foundation that propels your business forward.

EXPERIENCE

Backend Developer | Reson

Reson   📅 06/2023 - 2024
🔗 https://reson.app

This project is a social website that lets local job seekers and job posters connect with each other.

I had been charged with the communication engine of the project as a backend developer.

I used the NextJS API and Socket.io for this role.

Frontend & Mobile Developer

MKSK Consulting   📅 01/2022 - 05/2023

I have contributed to the serveral projects as a frontend developer. The projects were almost related to React/Redux, Tailwind CSS, and React Native. Tauri framework, Laravel.

Software Engineer

Adyen   📅 10/2016 - 01/2022

Adyen is a software development company that emphasizes transparency in communication and delivering products that clients love.
I worked as a full stack developer.
Tech Stack: PHP/Laravel, JQuery, React, NodeJS, and React Native.
